## Clinical Engineering & CCE Review Course

Baltimore, MD  
June 4 & 5, 2009

Registration deadline: **April 15, 2009**

*Brought to you by the ACCE  
Education Committee*

**Course Description:**

The Clinical Engineering & CCE Review Course will provide an overview of the 2009 CCE examination topics which is based on the Clinical Engineering Body of Knowledge (BOK) survey conducted recently. This course is designed and presented by a group of experienced certified clinical engineers.

The course will provide an opportunity to review the main clinical engineering topics. It will cover current issues in clinical engineering that most CEs deal with on a regular basis.

It will include a mock written and oral exam. The course will help identify areas in which you need further review and help in preparing for the CCE examination. It will provide an opportunity to meet other candidates to form study groups.

**Course Outline:**

1. Introduction to the CCE Exam
2. Technology Management
3. Service Delivery Management
4. Product Development, Testing, Evaluation, and Modification
5. Information Technology (IT)/ Telecommunications
6. Education
7. Facilities Management
8. Risk Management/Safety
9. General Management
10. Miscellaneous Clinical Engineering topics
11. Mock written exam
12. Mock oral exam

**Course Materials:**

The course materials include power point presentations, mock written exam questions, and sample questions for the oral exam and suggested references for further study.

**Faculty:****Robyn Frick, CCE**

Manager, Clinical Engineering  
Eastern Maine Medical Center  
Bangor, ME

**Frank R. Painter, MS, CCE**

Director, Clinical Engineering Program  
University of Connecticut  
Storrs, CT

**Arif Subhan, MS, CCE**

Senior Clinical Engineer  
Masterplan, Chatsworth, CA  
(Course Director)

**James Welch, CCE**

Vice President, Systems Engineering  
Masimo Corporation  
Irvine, CA

**David Wilder, MSEE, MSM, CCE**

Director, Clinical Engineering & Technology  
Southcoast Hospitals Group  
New Bedford, MA

**Adjunct Faculty:****Ismael Codero, CBET**

Senior Clinical Engineer,  
Healthcare Technology  
ORBIS International, New York, NY

**Date:**

June 4 and 5, 2009.

**Location:**

VA Medical Center  
10 N Greene St  
Baltimore, MD 21201  
(Room Number: 2C-122)

**Note:**

This course may be cancelled by ACCE if the minimum number of attendees do not register.

**Disclaimer:**

This course is prepared and offered by individuals who are not involved in the preparation of the CCE Exam.

**Refunds:**

Requests for refunds must be received in writing at the ACCE Secretariat no later than April 15, 2009. Refunds are subject to a \$100 administrative fee. Refunds will not be issued after April 15, 2009 or for "no-shows."
